WOMEN SOCIETIES ALLIANCE

INTRODUCTION

WSA's events provide invaluable opportunities for female university students to engage with and learn from accomplished women leaders across the business and financial sectors. Our carefully curated programs are designed to inspire, empower, and support young women as they pursue their career ambitions in these competitive industries. By combining virtual and in-person formats, we provide events that are suited to everyone.

Notable highlights from last year included our Women's History Month conference hosted at Blackstone's prestigious London office, which featured insightful panel discussions and keynote speakers, as well as our highly successful networking Sip & Paint event that fostered meaningful connections in a relaxed and creative setting.
